

TODIC GLOBAL FZ-LLC

Company Profile

TODIC GLOBAL FZ-LLC

Introduction

TODIC GLOBAL FZ-LLC is a B2B business development and strategic networking company based in the United Arab Emirates. The company was founded by Tony Chermani Dino to build strong business connections between African companies and international partners.

Operating from the UAE, TODIC Global serves as a bridge between Africa and global markets, facilitating collaboration, partnerships, and investment opportunities in key sectors including geology, mining, oil & gas, energy, and agriculture.

Through its international business network, TODIC Global aims to support economic development, resource investment, and sustainable growth across Africa.

TODIC GLOBAL FZ-LLC

About Us

TODIC GLOBAL FZ-LLC focuses on building a dynamic B2B ecosystem that connects companies, investors, and industry experts across continents.

The company works to:

- Facilitate international partnerships
- Support project collaboration
- Enable access to investment opportunities
- Strengthen business cooperation between Africa and global markets

By leveraging its presence in the United Arab Emirates, TODIC Global provides companies with a strategic gateway to African markets and opportunities.

TODIC GLOBAL FZ-LLC

Vision

To become a leading international business network connecting Africa with global investors, companies, and strategic partners, enabling sustainable development in natural resources, energy, and agriculture.

Mission

- Build strong B2B partnerships between African companies and global organizations
- Facilitate investment and strategic partnerships
- Promote sustainable development of Africa's natural resources and agriculture
- Support companies with market access and international collaboration

TODIC GLOBAL FZ-LLC

Strategic Sectors

Geologic Mining , Petroleum & Gas

The network includes BIGEMIP SARL, a geological and engineering consulting company specializing in geology, mining, and petroleum investigation services, providing expertise in resource exploration, geological studies, and geoscience technologies.

Agriculture

In the agricultural sector, Congo Fresh Food SARL (CFF) strengthens the network through its focus on sustainable agriculture, food production, and agribusiness development, helping support food security and economic growth in the Democratic Republic of Congo.

Energy

In the energy sector, GAMAC Energy SARL contributes engineering and technical capabilities for energy infrastructure, electricity systems, and petroleum-related projects, supporting the development of reliable energy solutions across Africa.

Together, these companies form a complementary ecosystem that allows **TODIC GLOBAL** to connect investors, technology providers, and project developers, enabling strategic partnerships and integrated business opportunities across multiple industries in Africa.

Our Services

Business Network

TODIC Global connects African companies with international partners, creating strategic business relationships and collaboration opportunities across key industries.

Investment Facilitation

The company helps identify and promote investment opportunities by linking investors with projects in sectors such as geology, mining, oil & gas, energy, and agriculture.

Business Development

TODIC Global supports companies in expanding their operations by facilitating partnerships, market entry strategies, and international business cooperation.

Strategic Partnerships

Through its network of specialized companies and industry experts, TODIC Global helps coordinate joint ventures and collaborative projects that drive sustainable economic growth in Africa.

Institutional Framework

As part of its mission, TODIC GLOBAL FZ-LLC also supports the public sector and government institutions in strengthening the institutional organization of strategic extractive industries, including Mining, Hydrocarbons, and Energy.

Through its network of technical partners and industry experts, TODIC Global contributes to the structuring and modernization of institutional frameworks, helping improve governance, transparency, and operational efficiency within these sectors.

This support includes technical auditing, monitoring and evaluation of operations, regulatory advisory, and institutional capacity development, ensuring that extractive sector activities are aligned with international standards and sustainable development objectives.
